Re: Financial Results for August 2014
Date: October 15, 2014

I. Summary

CTA's financial results are \$2.6 million favorable for August and \$11.3 million favorable to budget for the year to date. The favorable variance for the year is due to higher non-farebox revenues and lower expenses than anticipated in the budget.

Ridership for the month is 42.6 million and is 2.7 million less than budget. For the year to date ridership is 340.0 million and is less than budget and prior year by 13.2 million and 13.1 million, respectively.

II. Cash & Liquidity

The chart below highlights CTA's cash position at August 2014 compared to August 2013.

	Aug 2014	Aug 2013	Increase (Decrease)
Unrestricted Cash	\$ 132.2	\$ 71.2	\$ 61.0
Damage Reserve	109.5	121.2	\$ (11.7)
Funds Owed by RTA	227.3	319.4	\$ (92.1)
Trust Portfolio Assets	764.0	487.0	\$ 277.0
Total Cash and Receivables	\$ 1,233.0	\$ 998.8	\$ 234.2

CTA's total cash/receivables balance is equal to \$1.2 billion. Unrestricted cash was \$61.0 million more than the prior year due to timing of expenditure payments, a reduction in funds owed by RTA and reimbursement of bond draws to fund capital projects. The cash in Damage Reserve, while still over-funded is \$11.7 million lower than last year because of claims paid in 2014 and the credit taken from the Reserve in the second half of 2013 to offset the unexpected reduction in the State's reduced fare reimbursement program. Funds owed by the RTA were approximately \$227.3 million which was \$92.1 million less than the prior year. CTA continues to work closely with the RTA to monitor their receivable balance owed; Trust Portfolio Assets represents bond proceeds held in Trust for funding capital projects and making required debt service payments. The balances will decrease as we meet our scheduled spend down plan and debt service payments and will increase as CTA receives additional bond proceeds or grant money.

III. Revenue

Category	Current Month			Full Year

	Aug-14	Budget Aug-14	Prior Year Aug14 vs. Aug13	2014	Budget 2014	Prior Year 2013
Fare & Pass Revenue	\$ 50,916	\$ (511)	\$ (284)	\$ 388,425	\$ (5,673)	\$ 2,361

- Fare and pass revenue was unfavorable to budget for the month and prior year. The Red Line South free shuttles and \$0.50 bus fare discount was in effect from May 2013 to October 2013. Farebox revenue was favorable to budget offsetting pass revenue which was unfavorable. The average fare for the month was \$1.19 and was \$0.05 favorable to budget.
- Year to date fare and pass revenue was \$388.4 million, which is 1.4% less than budget, in part due to the impact of the extreme winter weather during the first quarter. The average fare for the year to date is \$1.14 per ride and \$0.02 more than budget.

- Reduced Fare Subsidy is favorable to budget for the month and year due to the reinstatement of funding from the State. This is offset by a reduction in public funding for a neutral overall budget impact.

Other Revenue	\$ 3,354	\$ 770	\$ (366)	\$ 25,574	\$ 8,685	\$ (1,843)

- Other Revenue was favorable to budget for the month primarily due to additional non-capital grant revenue passed through to the Chicago Police Department for transit security services, as has occurred in prior months. This is matched by an equal expense in Other Expenses. Other Revenue is favorable for the year to date due to the sale of properties with the City Colleges and the City of Chicago, the additional grant revenue, and other miscellaneous revenue sources (such as parking lot revenue and scrap material sales) are trending positively.

Total System Generated Revenue	\$ 60,042	\$ 1,385	\$ 2,003	\$ 446,653	\$ 5,166	\$ (668)

- Total System-Generated Revenue was \$1.4 million more than budget for the month primarily due to the reinstatement of the state reduced fare subsidy. Fare revenue was slightly less than budget and other revenue exceeded budget as described above. The \$5.2 million year to date favorable variance is due to the additional non-capital grant revenue, reduced fare subsidy reinstatement and sale of property, offsetting lower fare and pass revenues.

IV. Expenses

Labor	\$ 78,775	\$ 165	\$ 2,011	\$ 637,668	\$ 6,675	\$ (5,989)

- Labor expense was \$0.2 million less than budget for the month and \$2.0 million less than August 2013, mainly due to the adjusted hiring strategy and lower group insurance costs. For the year to date labor expense was \$6.7 million less than budget and \$6.0 million more than prior year. Overtime for the year to date exceeded budget by \$5.7 million primarily due to the unseasonably cold and snowy weather during the first quarter. This has been offset by adjusting the hiring strategy and reducing overtime in subsequent months. Labor expense is higher than the prior year because the Customer Service Assistant program was not fully implemented until mid-year 2013 and due to contractual increases in wages and salaries.

- Material Expense was over budget by \$1.2 million and \$7.3 million for the month and year, respectively. The materials expense category is adversely impacted by additional miles related to bus shuttles supporting capital projects. In addition, as vehicles undergo the overhaul process, additional work is performed as needed which increases the volume of material use.

- Fuel for Revenue Equipment expense was \$1.3 million favorable to budget for the month based on a lower volume and better pricing than anticipated. The year to date is favorable to budget and we expect to be favorable with the overall budget for the remainder of 2014 with the continued use of lower cost D2 fuel. The efficiency of the bus fleet has also improved, resulting in more miles per gallon. Overall price per gallon was \$3.01 in August versus \$3.09 in July.
