The Red Line Extension Project and proposed Transit TIF district designation will be discussed at an upcoming public meeting on July 21, 2022. The public meeting will include a presentation by CTA and City of Chicago representatives followed by a comment period, during which members of the public can ask questions or provide input on the proposed Transit TIF.

Do you require assistance?

American Sign Language, Spanish, Cantonese and Mandarin interpretation will be available during the in-person public meeting and Zoom webinar. Closed captioning will be available via Zoom webinar only. If you require an interpreter or other accommodations to participate, please contact CTA Customer Service at 1-888-968-7282 or email RedExtension@transitchicago.com at least 3 days before the public meeting.

What is a Transit TIF?

In June 2016, the Illinois General Assembly approved a new financial tool known as Transit Tax Increment Financing or the Transit TIF. The Transit TIF is an economic development tool to support investment in large-scale, long-term transit projects. The Chicago Transit Authority (CTA) is seeking a Transit TIF designation for the Red Line Extension Project. The Transit TIF is needed in order for CTA to seek as much as \$2 billion in federal funds for the much-needed extension south of 95th/Dan Ryan.

What is the Red Line Extension Project?

The CTA is proposing to extend the Red Line from the existing terminal at 95th/Dan Ryan to 130th Street, subject to the availability of funding. The proposed 5.6-mile extension would include four new stations near 103rd Street, 111th Street, Michigan Avenue, and 130th Street.

Multimodal connections at each station would include bus, bike, pedestrian, and park & ride facilities.

This project is one part of the Red Ahead Program to extend and enhance the entire Red Line.
