Q&A

Lawrence to Bryn Mawr Modernization Project

Chris Bushell
RPM Project Executive

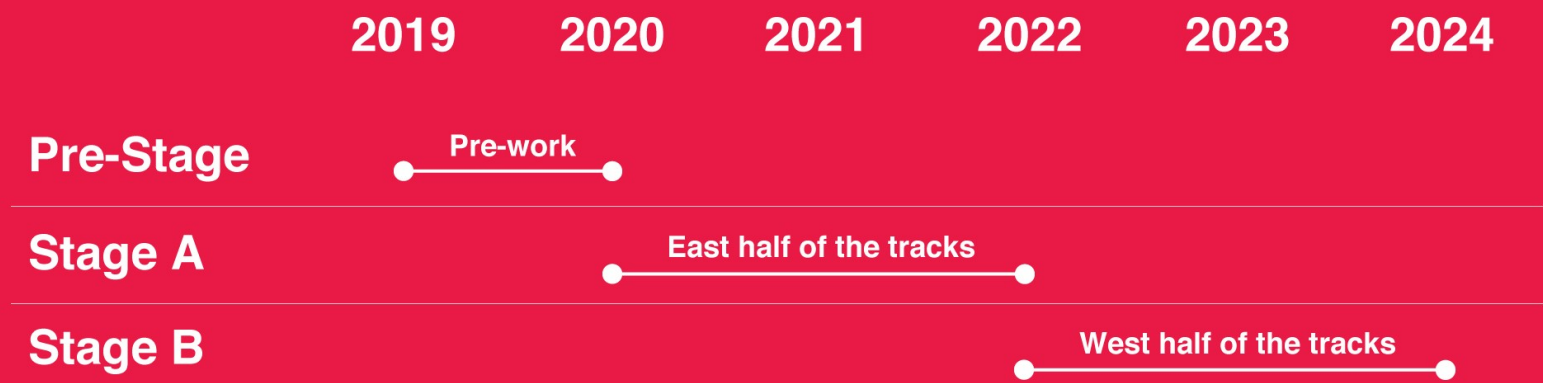

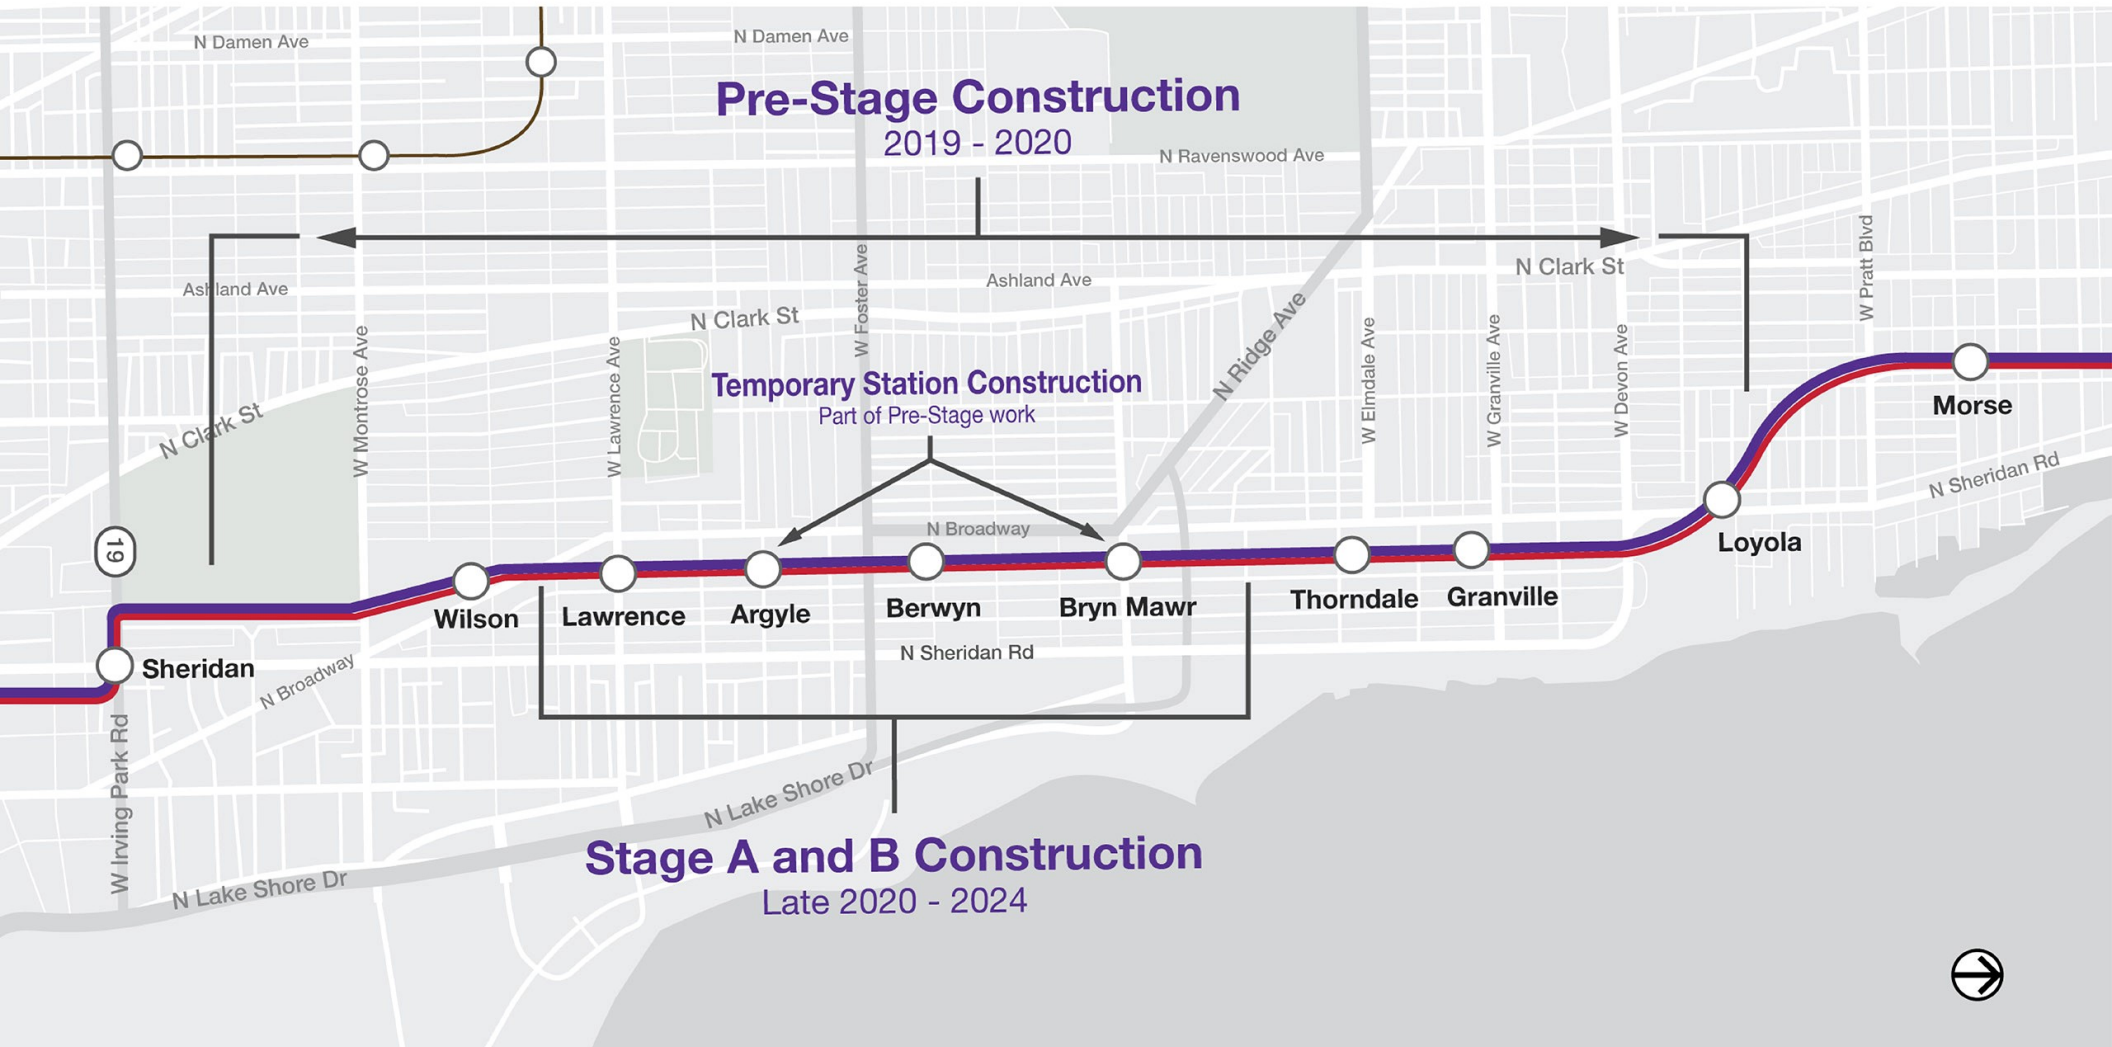

It's time to
rebuild
our 100-year-old rail system

Construction Approach

Lawrence to Bryn Mawr Modernization Project

Construction Progress & Impacts

Steve Hands
Senior Manager - RPM

Where we are today.

- Installed interlocking near Montrose Avenue in June
- Relocation of utility equipment and poles to be completed this year
- Demolition of former Toyota dealership building at 5619-5625 N Broadway is complete
- Construction of new temporary rail stations at Bryn Mawr and Argyle has begun
- Thorndale Interlocking work starting July 17th
- Continued preparatory trackwork until start of Stage A
- Stage A to begin in 2021
- Design plans for new stations are underway

Interlocking

Pre-Stage Trackwork Locations

- CTA Station
- CTA Red & Purple Line Tracks
- Signal Modification Focus Area
- New Track Interlockings
- Station Access

**Stations
Closed**

- Granville, Thorndale & Bryn Mawr Stations closed
- Bus Service available between Loyola & Berwyn
- Station closures planned from late Friday evening to early Sunday morning

* *Station closures planned from early Saturday morning to early Monday morning*

- Stations can be accessed through ridebacks
- Purple Lines run on Red Line tracks between Granville & Belmont on weekdays during AM and PM rush hours

Riders & Community

Impacts

- 4-weeks of modified Red and Purple Line service
- 24/7 construction
- Noise
- Nighttime lights
- Dust
- Street and alley closures
- Truck and equipment traffic

Benefits

- Complete work faster
- Fewer weekends impacted
- Less nightwork and less associated noise and lights
- Fewer days of large construction equipment moved in and out of the neighborhood
- Fewer sidewalk and lane closures

Station Updates

Chris Bushell
RPM Project Executive

Lawrence, Argyle, Berwyn and Bryn Mawr

- Stations will close by mid-year 2021, reopen again in 2024
- Temporary stations will open at Bryn Mawr and Argyle
- New station designs to be unveiled this year
